

Revolving Loan Fund Program

Program Criteria

- The applicant must be a for-profit business and located within Ottawa County.
- For new business start-ups, a business plan with projections is required. All requests for financing must clearly demonstrate the ability to repay all loans.
- The OCIC reserves the right to take security interests in the loan funds awarded to applicants. Full collateral, personal guarantees, business guarantees, UCC filings, and other security interests may be required. Requirements are determined by the loan committee.

Gap Financing Loan Program

- The Revolving Loan Fund is targeted to “gap” financing projects that are considered to be high risk to lenders. Preference is given to businesses that have been turned down by traditional lending institutions as a result of a demonstrated need to bridge a financial gap in the loan application.
- The project must represent a significant economic development impact for the community.
- Typically, \$5,000 - \$15,000 is lent for each permanent, year-round job created or retained.
- A minimum of 5% equity is required; however additional equity may be required to secure financing through the program. The equity requirement is determined on a case by case basis.
- The loan terms are generally 3-5 years, at 1-3 points below the current prime lending rate.

Down Payment Assistance Program

- The Revolving Loan Fund can offer qualifying applicants the option of using funds for down payment assistance, when the equity requirement of a tradition lending institution cannot be met. Funds are limited and available on a first come, first serve basis.

- The Down Payment Assistance Program can lend between \$5,000 - \$15,000 for each permanent, year round job created or retained, not to exceed \$50,000, for qualifying projects. The OCIC will work together with the lending institution to verify the assistance needed.
- Interest rates vary and are set by the Revolving Loan Fund committee.

Other Loan Program Criteria

- The use of OCIC Revolving Loan Funds may require the payment of State Prevailing Wage rates, as determined by the Ohio Department of Commerce's Wage and Hour Bureau. Prevailing Wage rates may apply to any costs associated with, but not limited to, the installation of machinery and equipment, including any labor costs in the construction or retrofitting of a facility, specified as part of the Project. The OCIC will work with the applicant to determine if Prevailing Wage rates apply to the Project.
- The OCIC shall have the right to collect from borrowers all out of pocket expenses associated with documenting and closing the loan. These may include, but are not limited to, legal documentation preparation, title search, appraisal, recording, and credit report fees.
- The OCIC will verify the use of loan proceeds at inception. In using OCIC RLF funds, the owner agrees to site visits, as needed and determined by the OCIC.
- The OCIC imposes no pre-payment penalty.

Ineligible uses of the Revolving Loan Fund include, but are not limited to:

Financing of existing debts; financing of purely speculative projects or buildings; financing of ventures that offer little in the way of development benefits or employment opportunities; ventures with unresolved environmental problems or histories of Civil Rights or unfair labor practices; ventures that are not current with all taxes; unsecured loans; or those businesses that cannot demonstrate the ability to repay the loan.

Revolving Loan Fund Application Process

- Complete the attached application and include all required exhibits for presentation to the loan committee. Incomplete applications will not be taken to the loan committee and will automatically time out after 30 days.
- Schedule a meeting with the Community Improvement Corporation staff to review the application.

- Applications are presented to the Revolving Loan Fund Committee on a first come, first serve basis and projects will be considered until Revolving Loan Funds are depleted.
- The Loan Committee reviews the application and strives to make a final decision within 30 days of the application presentation.
- Upon written approval, the loan closing will be scheduled and the funds will be immediately available.

G. Certification

I certify that I have read and understand the foregoing, that the information to the best of my knowledge is correct, and that this application does not obligate my business or Ottawa County to proceed to a loan agreement. I understand that funding, if approved by Ottawa County and myself, is in the form of a secured loan obligation, payable on a principle basis, to be used as described in this application. Entry into a loan agreement will be of my own free will, after having carefully considered all consequences of assuming this obligation, including required compliance with applicable rules and regulations described in the loan agreement, and the ability of my business to repay the loan. I understand the purpose of the revolving loan program is to assist in the creation of jobs and that the loan amount will be contingent upon job creation. I further understand that periodic audits of expenditures and employment may be necessary to maintain the credit ability of my loan.
